# Info

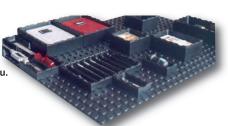

# The storage system that satisfies the highest requirements AQURADO

- stackable
- flexible
- clearly arranged

A whole range of different system boxes for a customised storage system. This means: No waste of space due to unnecessary shelves and quick access to tools, in accordance with your working routines.

Thanks to the napped base plate, each box stays in its place, even during transport The system boxes can easily be stacken, dependent on the drawer height.

Customise AQURADO® according to your wishes - our field sales force will assist you.
